

End of Service Notice

AQUALAB 4TEV Water Activity Meter Announced October 8, 2026

This notice announces the End of Service date for the AQUALAB 4TEV instrument.

Life Cycle Events	Date
End-of-sale Date	September 1, 2021
End-of-service Date	December 31, 2026

Product Lifecycle Status

The AQUALAB 4TEV has been superseded by the AQUALAB TDL 2, which remains an active and supported product within our portfolio.

Ordering and Availability

Effective September 1, 2021, the AQUALAB 4TEV was discontinued for new orders and is no longer available for sale.

Service and Support

Service and support for the AQUALAB 4TEV will end on December 31, 2026. After this date, repairs, calibration services, and replacement parts will no longer be available. Customers requiring calibration or repair should submit their instruments in advance of the final service date.

Replacement Product Guidance

Customers currently using the AQUALAB 4TEV are encouraged to transition to the AQUALAB TDL 2, which offers continued support, improved performance, and long-term service availability.
